- Coordinate with Clinical Counselling Manager on wait list, referrals, urgent cases and case load of therapists
- Attend partner sites located throughout the Lower Mainland; many are easily accessible by transit, but having access to a reliable vehicle is an asset
- Build and maintain relationships with external partners and across internal teams; effectively and proactively refer clients to appropriate services and resources as needed
- Demonstrate mature clinical judgement and strong ability to apply critical thinking in independent work
- Seek regular consultation and participate wholeheartedly in clinical development activities
- Complete case management according to ethical and professional standards to support inter-disciplinary functioning and consistent approaches to clients
- Maintain reasonable and flexible productivity expectations, in accordance with program needs and goals\

- Receive and assess counselling referrals as assigned by the Counselling Program Manager
- Comply with BCACC,CCPA code of ethics.
- Performs other duties as assigned

Qualifications & Requirements:

- Must be vaccinated against COVID-19
- A successful criminal record and vulnerable sector check will be required prior to the start of employment
- Master's degree in Psychology, Counselling
- Current registration in good standing with professional body, such as BCACC or CCPA
- Eligible for registration with BCACC as an ACS Clinical Supervisor
- Ability to travel to different locations throughout the Lower Mainland
- Comfortable with Microsoft applications such as SharePoint, Excel, Word
- Comfortable with web-based and smartphone-based applications for case management and administrative duties

Desired Skills and Experience:

- 1-year clinical supervision experience
- 2+ years direct clinical service with youth at risk
- 1+ year family counselling experience
- Experience leveraging existing community supports
- New therapists with lived experience are encouraged to apply

Interpersonal Skills:

- Attention to detail

About Dan's Legacy

Dan's Legacy provides trauma-informed and culturally sensitive counselling and life-skills programs to youth at risk in Metro Vancouver. These young people, aged 15 to 25, are at significant risk of overdose, self-harm, homelessness, and suicide. Dan's Legacy's therapy and outreach teams go directly to the youth wherever they are, we attempt to maintain a no-wait list, and all of our services are free. In the past year, Dan's Legacy helped over 600 youth stabilize their mental health, and begin working towards their educational, employment and recovery goals.

Counselling Program Description

Dan's Legacy's counselling programs are designed to meet the specific needs of this highly vulnerable group, with holistic therapy based on Cognitive Behaviour Therapy (CBT), Dialectical Behaviour Therapy (DBT) and Mindfulness principles, balanced with proper diet and exercise. When these youth cannot access counselling and life-skills support, they are at risk of life-long mental health issues, chronic unemployment, homelessness, entrenched addiction, overdose and suicide.
